

"MeetingSense 2.0 is one of those rare products that uncovers and then solves a common business need near perfectly."
- Mike Heck

"Online tools have changed the way business meetings are scheduled and held but little attention has been paid to capturing and sharing meeting metadata such as discussions and next steps, MeetingSense is designed to pick up where the other tools leave off."
- Mark Levitt | Program VP Collaborative Computing and the Enterprise Workplace

"We have all suffered through bad meetings. MeetingSense is the first product I've seen that tries to tackle this difficult problem... based on what we saw and heard in our briefing last week, at \$299 for a license the ROI for this software is probably one meeting."
- David Coleman | Managing Director

Home Depot: "Using MeetingSense at Home Depot has brought organization and structure to our meetings. Generating meeting minutes and action items has gone from hours and days to just minutes. MeetingSense helps me stand out from the pack."
- Tony Abruzzo | Sr. Developer, Strategic Initiatives

"It's clear that MeetingSense will dramatically improve our meeting productivity, not only by saving time, but also by making sure that decisions and action items are captured, tracked, and executed."
- Seth Twery | Partner

"MeetingSense has given LSI a competitive edge through optimized organization and distribution of critical meeting data and action items. This ensures very effective team communication and helps us to drive successful and timely program launches."
- Jackie Green | Sr. Engineering Program Manager
